Skillset: good role model to students, proactive, organised, reliable.

Peer Mentoring Volunteer

Working 1:1 with more vulnerable students to give support and encouragement.

Skillset: kind, supportive, enjoy working with individuals.

What the Sixth Formers said:

“I am really enjoying supporting a younger student, both academically and socially. I have really developed my confidence and have become a better communicator, having to explain ways around different problems.”

“It has been really nice to give something back to the school. I struggled in Year 7 with similar issues to my mentee, so the support I have given her is based on my own experiences.”

What the Year 7 Students said:

“My sixth form partner is really nice and he has taught me it is ok to talk about things you are finding difficult to read. I don't need to keep it to myself and struggle.”

“Reading club has helped me to read more. My sixth form partner has shown me that I shouldn't be embarrassed or scared that I am a slow reader.”
